Business Overview

Founded in 2003 by Brendan and Kim O'Donnell, Brendan O'Donnell Fencing has built a reputation for quality workmanship, reliability and integrity across Queensland's education and government sectors.

Our dedicated staff now continue their legacy, combining decades of experience with modern systems and equipment to deliver fencing solutions that are durable, safe and compliant with Department of Education standards.

Specialising in school and government fencing projects, built to withstand tough Australian conditions while maintaining a strong focus on safety, compliance and longevity.

Core Capabilities

- Perimeter and Internal Fencing – compliant with Department of Education security specifications
- Security & Safety Fencing – designed for high-traffic and high-security environments
- Custom Gates & Access Systems
- Maintenance & Ongoing Support
- Project Management for Complex or Remote Sites

Specialised Equipment:

- Volumetric Concrete Trucks – onsite concrete mixing and delivery for precision and efficiency
- Hydrovac Excavation – non-destructive digging that protects underground utilities and trees, ideal for sensitive or landscaped areas

Team & Qualifications

Our experienced and qualified team ensures every project is completed safely, efficiently, and to the highest standards.

All staff hold:

- Construction White Card
- Working with Children Blue Card
- High Risk Forklift Licence
- Traffic Management Implementation (TMI)

Safety Management Systems:

- HazardCo – digital safety management and site risk control
- ASSA – advanced safety and compliance system

We take pride in maintaining a **hands-on, experienced team** with strong communication skills and shared commitment to delivering safe, high-quality outcomes for our clients.

Focused, Quality-Driven Delivery

We're not a high-volume installer — and that's by design. Our **dedicated, hands-on team** allows us to maintain tight quality control, clear communication and full accountability across every project.

Operating as a small business, we have a highly skilled crew who have a proven record of **delivering large, remote and challenging projects** throughout Queensland. This focused delivery model enables us to meet the Department of Education's compliance, safety and performance standards — even in complex or logistically demanding environments.

Approved Supplier – SOA 93122

Brendan O'Donnell Fencing is an approved supplier under the Queensland Department of Education Standing Offer Arrangement (SOA 93122).

This recognition reflects our **proven capability, safety record and commitment to compliance** on school and government projects throughout Queensland.

Community & Legacy

Brendan O'Donnell Fencing proudly continues the values and legacy of Brendan and Kim O'Donnell — a foundation built on trust, workmanship and family values.

In honour of Kim O'Donnell, who was personally affected by motor neurone disease, we maintain an ongoing partnership with MND Queensland, supporting awareness and research for those impacted by the condition.

Why Choose Brendan O'Donnell Fencing

- Proven experience since 2003 across Queensland schools and government sites
- Focused, quality-driven operation — not high-volume, but capable of large, complex projects
- Skilled, qualified team with all industry and government credentials
- Modern equipment, including volumetric concrete trucks and hydrovac systems
- Industry-leading safety systems (HazardCo and ASSA)
- Approved supplier under SOA 93122 since 2008
- Fencing built for tough Australian environments
